Skills

- React.js
- TypeScript
- JavaScript
- Python
- Next.js
- Node.js / Node Express
- Tailwind
- Mysql
- HTML

Experience

Full Stack Software Engineer January 2024 - Current
Freelance, whitehall, MT

- Developed modern web applications using React.js, Next.js, TypeScript, and TailwindCSS for the frontend, and Node.js with Express for the backend
- Designed and implemented responsive and intuitive user interfaces, ensuring an exceptional user experience across devices and platforms
- Built backend services and RESTful APIs with Node.js, Express, and MySQL, facilitating seamless communication between the frontend and backend layers of applications
- By incorporating MySQL, ensured efficient storage and retrieval of data, enhancing the scalability and reliability of the overall system.

Team Lead June 2019 - October 2023
Martins Window Cleaning, whitehall, MT

- Improved team performance by creating a culture focused on employee training
- Developed on-the-job training to successfully onboard new hires
- Directly addressed client needs, concerns, and feedback
- Achieved outstanding year-over-year revenue growth of over 10%
- Established strong relationships with employees through proactive communication, resulting in a 95% employee retention rate.

Software Engineer Intern May 2020 - October 2020
Arch Robotics, whitehall, MT

- Monitored and reported on day-to-day progress using Trello project management software
- Developed Python skills by working with the ODrive library
- Designed a high-torque actuator using FreeCAD
- Constructed and rigorously tested a 3-axis robotic arm
- Designed large portions of the product.
